Welcome

to the 2026
New Wine Cymru
Leadership Conference.

It is a real joy and
privilege to welcome you.
Being **together** at this

national gathering is always a highlight,
and we are so glad that you are here.

This year, we have an exceptional group of guest
speakers who lead significant international missional
movements across the UK and mainland Europe.

We are expectant that together, we will capture
something of **what God is doing** both locally and
globally in this season, gaining clarity that will help
shape how we respond.

Let's come with **expectation** — to encounter God's
presence and His transforming power, to hear His
word clearly for our ministries and for our own lives
as leaders, and to be renewed and strengthened
together.

My prayer is that you leave this conference
empowered by the Holy Spirit, **fuelled** with fresh faith
and vision, and equipped for all that God is
leading you into.

Please do come and say hello —
I would love to catch up with you.

With love and every blessing,

Julian

Fuelling

the Vision

We are living in days where the **prayers** we have carried, and the work we have given ourselves to together, are beginning to bear fruit.

I want to say a heartfelt thank you to every one of you who has **faithfully** supported New Wine Cymru — through prayer, **encouragement**, service, and financial giving.

Your **generosity** and partnership, over many years, have enabled us to keep working together — strengthening leaders, building healthy churches, and serving the **mission** of the gospel across Wales.

Because of this shared commitment, we are now seeing the fruit of what we have been investing in together in this season.

Across Wales, more people are coming to Christ, more are being baptised, churches are **growing**, and there is a renewed openness to Jesus in a way we have not seen in living memory.

What we have long prayed for — and worked towards **together** — is starting to unfold.

In 2 Kings 13, the prophet Elisha instructs King Joash to strike the ground with an arrow. He stops too soon — and so the victory was only partial.

Similarly, the moment we are in now calls for persistence and a **wholehearted** response, so that we may see all our churches across Wales experiencing increased **salvations**, new **disciples**, and exponential growth that impacts not only this moment, but the next generation.

Now is the time to press in — together — so that we may not only see early signs of breakthrough, but a **full harvest**.

A harvest of **lives transformed**, disciples made, and churches strengthened across our nation.

If you are already giving, **thank you**. Your ongoing partnership continues to make this possible.

If you are not already giving, may I invite you to become a financial partner with us?

There will be opportunities during the conference to give to the work of New Wine Cymru. Whether through a one-off gift or ongoing support, **regular giving** is especially helpful as it enables us to plan and invest **strategically** for the future.

Thank you for standing with us.

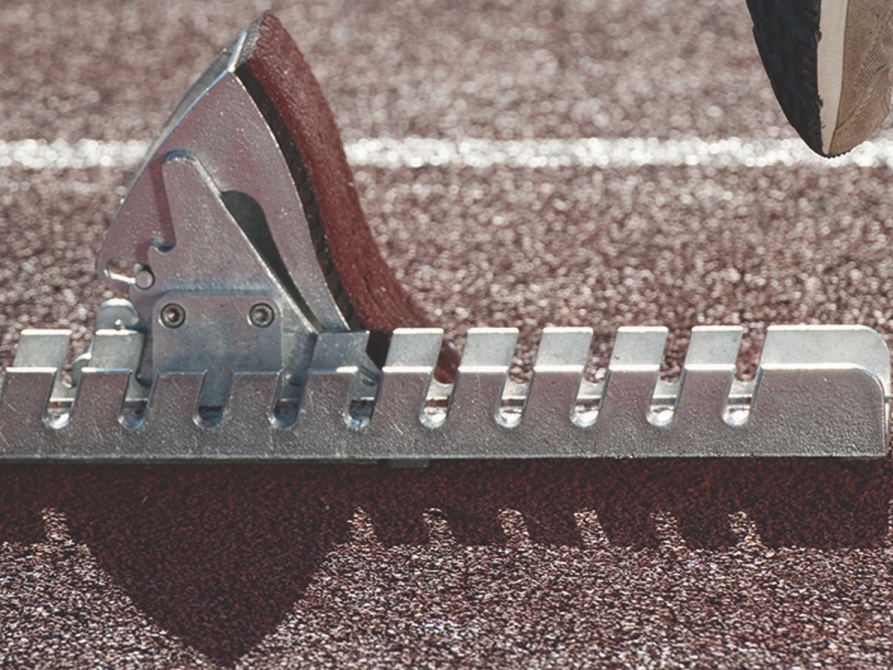

With love and every blessing,

Julian,
